# OPI

Profesionalni brend za njegu noktiju prisutan je na tržištu još od davne 1981. godine. Brend koji prepoznaje potrebu svakog klijenta nudi kvalitetu i besprijekorne tretmane. Najveći suvremeni trend u manikuri i pedikuri je trajni lak, a naš wellness centar u svojoj ponudi ima najkvalitetniji profesionalni svjetski brand, OPI Gelcolor.

OPI Gelcolor trajni je lak iznimno prirodnog izgleda, čvrstoće i visokog sjaja. Poseban je po tome što nakon nanošenja ostaje na noktima i više od 14 dana. Tijekom tog vremena nokti ne mijenjaju oblik ni sjaj, a boja ostaje postojana kao prvoga dana.

*This professional nail care brand has been on the market since 1981. Recognising the needs of each individual client, the brand offers impeccable high-quality treatments. The major trend in manicure and pedicure today is permanent nail polish: our wellness centre offers the world's leading professional brand, OPI Gelcolor. OPI Gelcolor is a permanent nail polish with an extremely natural look, strength and high gloss. It is special in that it remains on the nails for more than 14 days after application. During this time, the nails do not change their shape or shine, and the colour remains as stable as on the first day.*

## OPI TRAJNI LAKOVI

Postojanost trajnog laka je individualna i ovisi isključivo o brzini rasta noktiju. Bitno je naglasiti da se prilikom lakiranja i skidanja trajnog laka prirodni nokat ne istanjuje već trajni lak služi kao zaštita za nokat. Nokat ispod trajnog laka ostaje zaštićen od mehaničkih i kemijskih oštećenja te s vremenom postaje čvršći i otporniji. Trajnim lakom je također moguće spriječiti neugodno listanje i pucanje noktiju. Skida se vrlo jednostavno i nježno te se nakon manikure ponovno nanosi željena boja. Naš wellness centar u ponudi ima velik broj trajnih lakova te svatko može pronaći idealnu boju za sebe.

## OPI PERMANENT NAIL POLISH

*The durability of permanent nail polish varies according to the individual and depends solely on nail growth rate. It is important to point out that applying or removing permanent nail polish does not thin the nail. On the contrary, permanent nail polish protects nails, since they remain protected from mechanical and chemical damage and become firmer and more resistant over time. Permanent nail polish can also prevent unpleasant peeling and breaking of nails. It is removed easily and gently, and the desired colour can be reapplied after a manicure. Our wellness centre offers a wide range of permanent nail polishes, which means everyone can find their favourite.*
